

# Adrian Bennett

## Coaching profile

Adrian has over 25 years' experience of working with leaders, teams and organisations in support of their learning agendas. As a founding Director of Broadwater he has been a key driver in establishing the company as a leader in experiential learning and more recently as an ILM Coaching Centre.

Adrian brings pragmatism and experience to his coaching assignments enabling client to focus on making significant change that has lasting business results. One of his earliest assignments resulted in business data company Experian achieving an ROI in excess of £1.2million.

He has worked with senior decision makers and board level directors at companies such as Nationwide, Keuhne+Nagel Logistics, Boots, JCB Finance and in Asia with Hospira/ Pfizer. As well as coaching assignments Adrian regularly contributes as a speaker at corporate events on leadership and team coaching. Outside of work he has served as a Director for two national major sporting organisations providing strategic leadership and support.
